The Recovery Group of Southern West Virginia (RGSWV) is a 501(c)(3) tax exemption organization. We are dedicated to bringing the message and reality of hope, healing, and life restoration to those who are suffering from addiction in Southern West Virginia.

Substance use is one of the greatest struggles our state has ever faced. Each home provides both inpatient and outpatient services through individual and group therapy, community engagement, and peer recovery support specialists.

RGSWV works to remove barriers to success in recovery whenever possible. All residents have access to training in job readiness, financial stability and literacy, and health and wellness; assistance enrolling in High-School equivalency programs, college courses, or training and certification programs; assistance obtaining identification credentials; assistance with general healthcare; obtaining gainful employment; accessing disability benefits and other benefits; obtaining driver's licenses, independent transportation, and independent housing; family reunification support; and transportation.

Fees for the residents of both the New Beginnings Home for Men and the Marjorie R Oakley Home for Women are \$400 per month. If you or your organization would like to sponsor a bed at \$400 per month for a resident that is unable to enter a home due to a lack of finances, please note that on the form below.
